# JET-SET® Manifold Assembly

## CAN BE USED WITH 9100 PUMP AND ALL MOD SYSTEMS

---

The JET-SET® Manifold System allows you to have pin point accuracy to where ever you need lubrication. You simply run our tubing along the press to a manifold mounted on the press to the exact point of need.

*To order please use the following:*

**MS-5QD** = 5 port manifold

**MS-5PF** = 5 port manifold

**MS-5DL** = 5 port manifold

**MS-6QD** = 6 port manifold

**MS-6PF** = 6 port manifold

**MS-6DL** = 6 port manifold

*QD = Quick Disconnect #802*

*PF = Push Fitting #820-P*

*DL = Nut and Sleeve #820*
